

Google Dork Training Lab - Demo PDF

This harmless PDF exists only for safe Google dork training. It contains no real personal data, no secrets, no credentials, no operational systems, and no private information.

What this PDF is for

Use this file to practise safe search operators such as `site:`, `filetype:pdf`, `intitle:`, and exact phrase searches after Google indexes the GitHub Pages site.

Safe example searches

```
site:accesslogin56-arch.github.io/google-dork-training-lab filetype:pdf
```

```
site:accesslogin56-arch.github.io/google-dork-training-lab "Demo PDF"
```

```
site:accesslogin56-arch.github.io/google-dork-training-lab "FAKE TRAINING DATA ONLY"
```

Fake document register

Document	Type	Status	Notes
AML policy sample	Demo PDF	Fake	Training placeholder only
Camera manual sample	Demo PDF	Fake	No real cameras exist
Backup report sample	Demo PDF	Fake	No real backups exist

Safety note

This file is intentionally boring, clearly labelled, and fake. It is designed to teach search behaviour without encouraging access to real exposed files or systems.
